Methodology

Narbhavee Infotech follows Enterprise Service Oriented Approach of implementations with Business Process Visibility. We provide Value-Added consulting implementing JIT Supply Chain, Lean Manufacturing and KAIZENs.

Narbhavee recognize that our use of the word "*Value-Added Consulting*" is a positive assertion that we have the right combination of people, process, and technology-first, to understand your challenges and opportunities, and then to deliver value in such a way that you overcome the challenge or capture the opportunity.

As a company, our vision is clear, our commitment is strong, our energy is high, and our resources are aligned. Still, in the end, the success of our Services will come from what each member of our team brings to his or her efforts every day. Each person on the Narbhavee team understands that our success comes only with your success. We are Customer-Focused and Results-Driven in our deliverables.

Each member of our team comes to each day's task equipped with a personal ability, energy, and commitment that is reflected, supported, and magnified by the composite ability, energy, and commitment of our entire organization. This is the way we work. This is the way we perform as Value-Added experts.

Our Goal

- To use our experience, infrastructure and professionalism to increase ROI to Clients by:

- Fulfillment

4.2 Our belief in Customer Deliverables:

“A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption on our work. He is the purpose of it. He is not an outsider on our business. He is a part of it. We are not doing him a favor by serving him. He is doing us a favor by giving us an opportunity to do so.”
